

EL PASO ELECTRIC COMPANY

SCHEDULE NO. EVC

ELECTRIC VEHICLE CHARGING RATE

APPLICABILITY

This rate schedule is available for service to residential and commercial Customers using a facility dedicated solely for the charging of an electric vehicle (EV).

TERRITORY

Texas Service Area

TYPE OF SERVICE

Service available under this rate schedule will either be single or three phase at the option of the Company and at a standard approved voltage. Only charging activity, with or without storage and other associated appurtenances, will be eligible for service under this rate schedule. All service will be taken at one point of delivery, designated by the Company and dedicated solely for the charging of an EV.

Service will be measured by a single meter, or other measuring device, of each kind needed for Time-Of-Day (TOD) service. Residential or commercial customers already receiving Standard or TOD service under an otherwise applicable rate schedule can choose to have any charging installation electrically connected behind their existing meter and continue to be served on that service rate schedule.

MONTHLY RATE

Retail Rate No.	01	02	24	25	41
Customer Charge (per meter per month)	\$7.23	\$9.30	\$9.30	\$9.30	\$9.30

Effective for electricity consumed on and after July 1, 2025

EL PASO ELECTRIC COMPANY

SCHEDULE NO. EVC

ELECTRIC VEHICLE CHARGING RATE

Non-Summer	\$4.75	\$6.71	\$11.56	\$25.06	\$22.57
Super Off-Peak Period	\$4.75	\$6.71	\$5.45	\$4.82	\$6.60

The On-Peak Period shall be from 2.00 p.m. through 7:00 p.m., Mountain Daylight Time, Monday through Friday, for the Summer months of June through September. The Super Off-peak period is 12:00 A.M. through 8:00 A.M., during Mountain Standard and Daylight Time, in all months. The Off-Peak Period shall be all other hours not covered in the On-Peak Period. Non-Summer are the months of October through May.

A Customer that installed an EV charger sized below 480V prior to the effective date of this rate schedule will not be subject to the Demand Charge, until the effective date of this rate schedule in a subsequent rate case filing.

MONTHLY MINIMUM CHARGE

The monthly minimum charge is the Customer Charge, Other Applicable Riders, and Tax Adjustment.

DETERMINATION OF BILLING DEMAND

Maximum Demand is defined as the highest measured thirty (30) minute interval kW load during the billing month.

Only one Demand Charge will apply per billing month, depending which time period the Maximum Demand occurs.

FIXED FUEL FACTOR

This rate schedule is subject to the provisions of the Company's Rate Schedule No. 98 (Fixed Fuel Factor).

OTHER APPLICABLE RIDERS

All service taken under this rate schedule is subject to the provisions of other Company riders that may apply to this rate schedule and shall be billed pursuant to the provisions of those riders.

Effective for electricity consumed on and after July 1, 2025

EL PASO ELECTRIC COMPANY

SCHEDULE NO. EVC

ELECTRIC VEHICLE CHARGING RATE

The due date of the bill for utility service shall not be less than sixteen (16) days after issuance. A bill becomes delinquent if not received at the Company by the due date. If the due date falls on a holiday or weekend, the next Company business day shall apply.

TERMS AND CONDITIONS

Service supplied under this rate schedule is subject to the Company's Rules and Regulations on file with the Public Utility Commission of Texas and available for inspection at Company offices.

Customer will maintain an active account and will pay the monthly minimum regardless of whether or not service is used under this rate schedule.

Prior to initiation of service, Company personnel will verify the installation of the Customer's charging station and ensure that the load behind the EV meter is exclusively related to EV charging. Only a charging service with operating voltage at 120V and up to 480V is eligible for service on the EV rate.

PRORATION ADJUSTMENTS

Charges for service supplied under this rate schedule, except the Customer Charge, are subject to proration adjustments.
