COLORING AND ACTIVITY BOOK

ERNIE G. WATTS™

ERNIE G. WATTS has been a pretty famous name at **El Paso Electric**, and now, he's been upgraded and he's back better than ever! He may look a little different but his message is still the same. He wants to teach everyone in our community about the importance of **Electrical Safety**. He also helped to create the **POWER PACK**, El Paso Electric's newest team of energy pals!

POWERFUL FACT:

Ernie wants you to know that El Paso Electric has provided energy to our community for over 100 years!

L.E.Dee™, DEE FOR SHORT,

is the leader of the all-new **POWER PACK**. It's his mission to educate our community on the importance of being **Energy Efficient!** Dee knows that by making even small energy saving changes, like changing your lights to L.E.D. bulbs, we can make a big impact.

POWERFUL FACT:

L.E.D. bulbs last almost five times longer than regular incandescent light bulbs and even CFL bulbs.

CURLY Q™

comes from a long line of **Electrical Transformers**. She is a proud member of the **POWER PACK** and it's her job to deliver electricity safely to your home and our community.

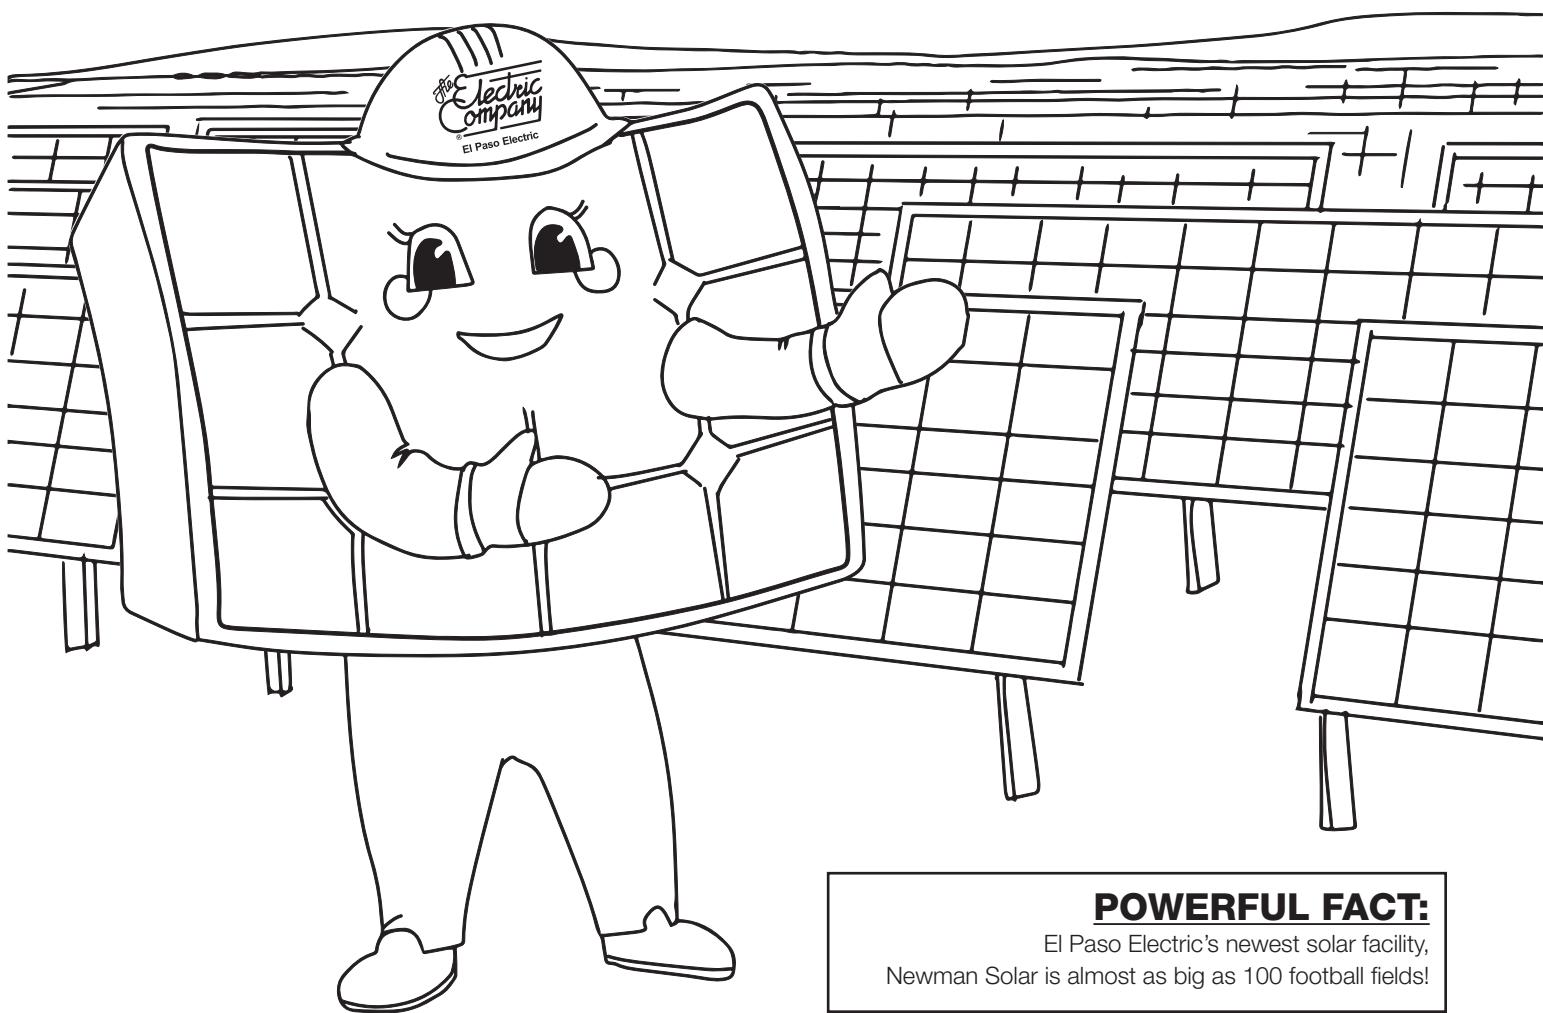

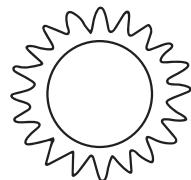

POWERFUL FACT:

El Paso Electric has over 9,000 miles of electrical lines.
That's the same distance as driving across Texas almost 14 times!

SUNNY™

is an expert on **Renewable Energy**, which is any energy created by nature. That's because she is part of a growing family of **El Paso Electric Solar Panels** that turn sunshine into electricity for our local homes and businesses.

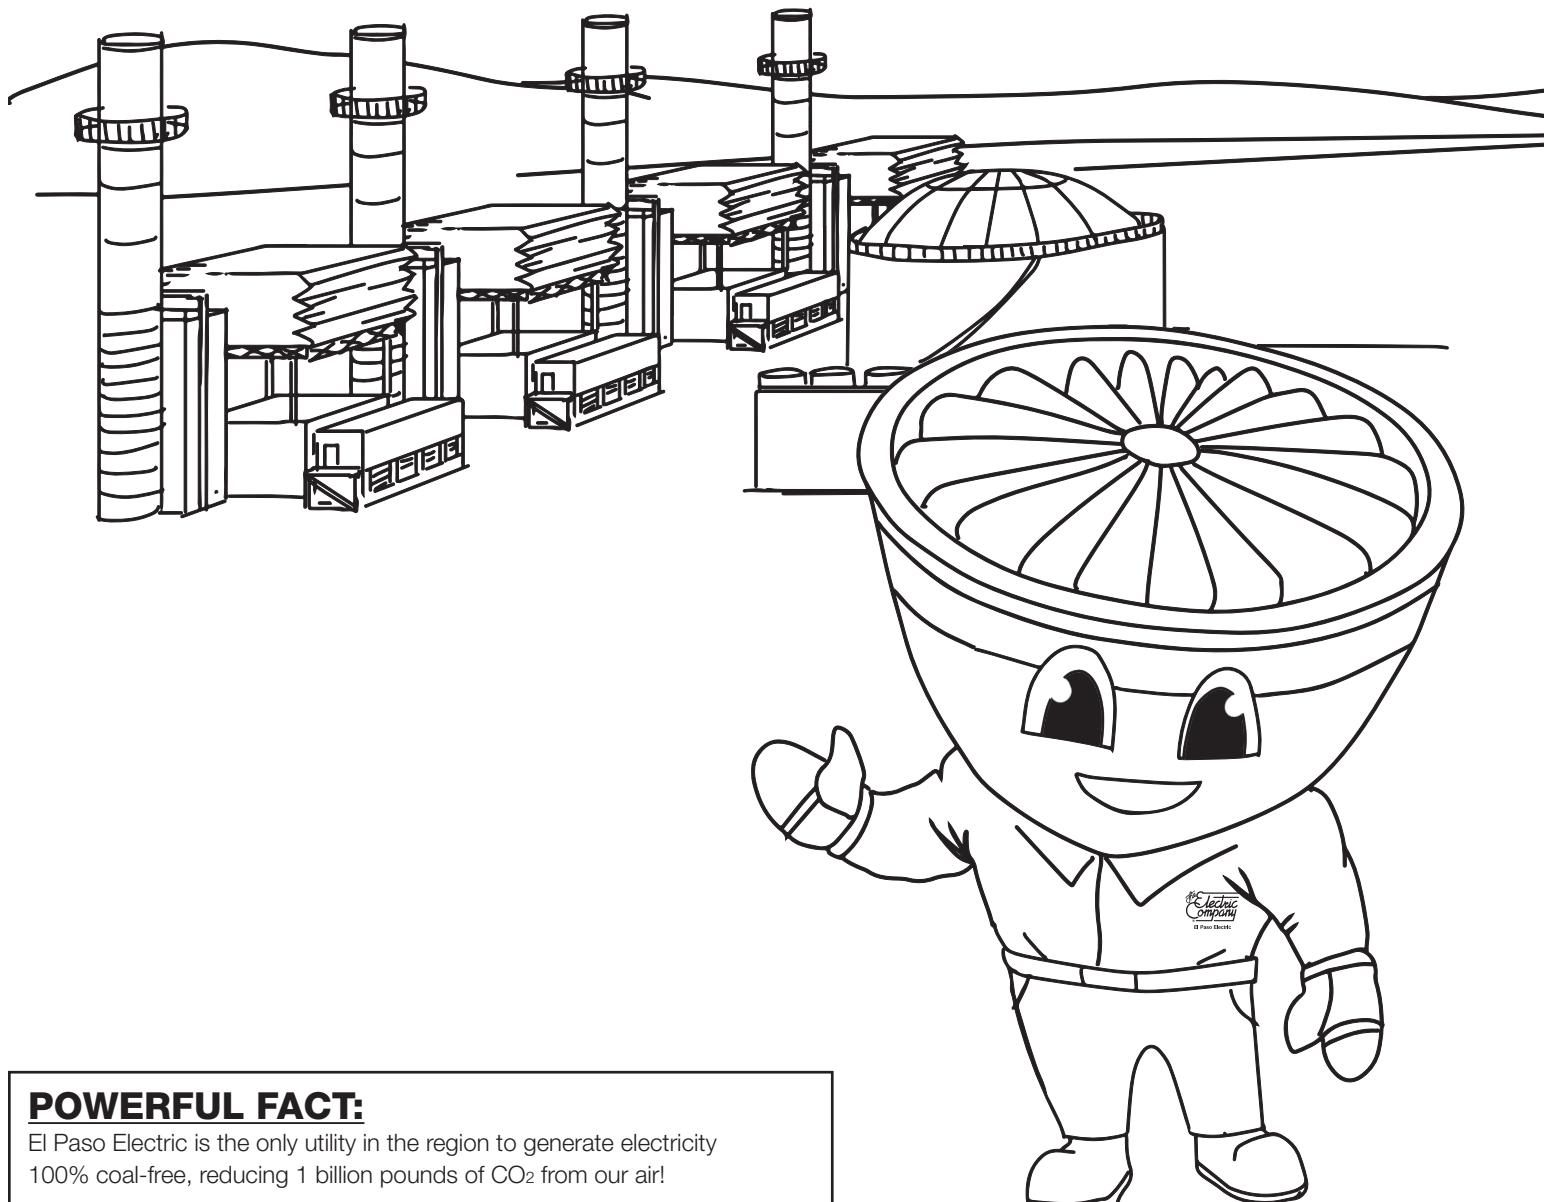

POWERFUL FACT:

El Paso Electric's newest solar facility, Newman Solar is almost as big as 100 football fields!

TURBO™

is a recent addition to the **POWER PACK** and is one of El Paso Electric's newest and most advanced **Turbine Generators**. Like **SUNNY, TURBO** and his family of generators are responsible for creating the electricity that powers our community.

POWERFUL FACT:

El Paso Electric is the only utility in the region to generate electricity 100% coal-free, reducing 1 billion pounds of CO₂ from our air!

THE POWER PACK WANTS YOU!

L.E.Dee says:

We're always looking for new members to help us with our mission!
Will you take our pledge and join the **POWER PACK**?

POWER PLEDGE

I _____ hereby pledge
to do my best to save energy, to learn
about renewable energy, and to be safe
around electricity. By joining the Power
Pack I promise to share the information
that I learn with my friends and family
so that we can all benefit from safe
energy habits. I will work to protect my
environment for myself and my
community. With this pledge I join the
Power Pack!
