

EL PASO ELECTRIC COMPANY

ELEVENTH REVISED RATE NO. 01 X
CANCELLING TENTH REVISED RATE NO. 01 X
RESIDENTIAL SERVICE RATE X

APPLICABILITY:

This rate schedule is available for electric service used in single family residences, individually metered apartments, and other non-commercial uses located on the same property and used through an extension from and in connection with the main residence. X
X
X

TERRITORY:

Areas served by the Company in Dona Ana, Sierra, Otero and Luna Counties.

TYPE OF SERVICE:

Service available under this rate schedule will normally be single phase 120/240 volt, supplied at a single point of delivery designated by the Company. X
X

Single phase 120/240 volt motor operation is permitted where the size of the individual motor does not exceed 5 horse power (HP). Three phase 120/240 volt service may be provided for motors over 5 HP if determined by the Company to be economically feasible. Single or three phase motors shall not exceed 10 HP of capacity without the written approval of the Company. X

RESIDENTIAL SERVICE RATE X

twenty (20) calendar days thereafter. If the twentieth day falls on a holiday or weekend, the next Company business day will apply. X
X

TERMS AND CONDITIONS:

Service supplied under this rate schedule is subject to the Company's Rules and Regulations on file with the New Mexico Public Regulation Commission and available for inspection at Company offices. X
X
X

This rate is available under the following conditions:

- 1. For a single household or single family for primarily domestic purposes in individual private residences, individually metered apartments, or other non-commercial uses located on the same property and used through an extension from and in connection with the main residence. X
X
X
X

When it is evident, both visually and/or electrically, that activity of a business or professional character is being conducted in the residence, service will be supplied on the appropriate non-residential rate schedule; however, the portion used as living quarters may be wired and metered separately and served on this rate schedule. X
X

- 2. For separately metered living quarters recognized as single-family living quarters for domestic home use.

- 3. Service under this rate schedule shall include home lighting and residential power for operation of household appliances. X

- 4. Single-phase motors for domestic use may not exceed 10 horsepower (HP) without the written approval of the Company. The use of all single or three-phase motors over 5 HP must be approved by the Company concerning the motor's lock rotor amperes. X

- 5. If three-phase service is supplied, motor size and other loads will be subject to Company approval. Three-phase service is only available from lines existing at the location or if the Company determines it is economically feasible to bring service to the location. X
X
X

- 6. Wiring may be extended from the residence circuit to private garages, barns and similar structures and/or wells which are located on the same property as the residence and used exclusively for domestic purposes in connection with the residence.

7. For residences where rooms are rented or meals served to boarders if this is incidental to the maintenance of a private residence. X

In addition to the above, the TOU rate is available under the following conditions: X

1. Under TOU, a meter will be installed at the Customer's service point that allows the Customer to pay for electricity based on the time of day it is used. The meter will record the amount of electricity used during two mutually-exclusive time periods. These periods are an On-Peak period of 12:00 P.M. to 8:00 P.M., Mountain Daylight Time, Monday through Friday, for the months of May through October, and an Off-Peak period that includes all other hours not covered in the On-Peak period. X
X
X
2. The Customer agrees to remain on the TOU rate for a minimum of twelve (12) consecutive months, unless service is disconnected by the Customer. At any time after the initial twelve (12) consecutive months, the Customer may request removal from the TOU rate schedule. X
X
3. The Customer agrees that TOU billing will become effective with the first complete billing cycle following installation of the TOU meter. X
