APPLICABILITY:

This rate schedule is applicable to all commercial and industrial customers of the Company that X have taken service from the Company for a period of at least twelve (12) consecutive months, and have a minimum monthly demand of at least 1,500 kilowatts (kW).

TERRITORY:

Areas served by the Company in Dona Ana, Sierra, Otero and Luna Counties.

AVAILABILITY:

The Load Retention Rate is available to Customers which meet the following criteria:

- 1. The Customer must provide notice to the Company that they will request termination of electrical service for either a portion or all of their electrical power and energy requirements due to an alternative generation source, or
- 2. The Customer must demonstrate that they will leave the Company's system, or discontinue or curtail service for financial reasons, and
- 3. The Customer must submit a notarized affidavit that attests to the fact that but for the Load Retention Rate contained herein, the Customer will leave the Company's system.

MONTHLY RATE:

The Company may enter into negotiations to establish a lower rate not less than the Company's incremental cost of power and energy as estimated over the term of the contract. Sufficient documentation of the cost estimates used in determining the economic feasibility of an alternative generation source shall be provided to the Company for their review. The negotiated rate shall be subject to the review and final approval of the New Mexico Public Regulation Commission (NMPRC).

The Company, at its option, will annually review its incremental cost of providing service to a contracted Load Retention Customer to determine if such costs exceed the Customer's contracted charges. Should the incremental costs exceed the Customer's contracted rate, the Company will adjust the charge to be above or equal to the incremental cost.
