VOLUNTARY RENEWABLE ENERGY RATE

APPLICABILITY:

This rate schedule is available to Customers taking service under Rate Schedule Nos. 01, 03, and 04 for the purchase of all or a portion of a Customer's energy requirements.

X

TERRITORY:

Areas served by the Company in Dona Ana, Sierra, Otero and Luna Counties.

TYPE OF SERVICE:

Service will be provided to those Customers who volunteer to receive all or a portion of their energy requirements from Renewable Energy Resources. "Renewable Energy" is defined as electrical energy generated by means of a low- or zero-emissions generation technology that has substantial long-term production potential and may include, without limitation, solar, wind, hydropower, geothermal, landfill gas, anaerobically digested waste biomass or fuel cells that are not fossil fueled. Renewable Energy does not include fossil fuel or nuclear energy.

The amount of power subscribed to by the Customer shall be set out in an Application for Voluntary Renewable Energy Rate.

CALCULATION OF BILL:

The Rates and Terms specific to the Company's individual New Mexico rate schedules shall apply except for Rate No. 17 (EUERF) and Rate No. 18 (FPPCAC), which shall not apply to energy taken under this rate schedule. Additionally, the Voluntary Renewable Energy Rate shall apply for the kWh elected by the Customer to be served by Renewable Energy Resources as stated in the Application for Voluntary Renewable Energy Rate. The amount of energy billed under this rate schedule shall be deducted from the amount of energy billed under the otherwise applicable rate schedule, provided however, that the amount of energy billed under the otherwise applicable rate schedule shall not be less than zero (0). The Voluntary Renewable Energy Rate for each applicable rate class is as follows:
