

EL PASO ELECTRIC COMPANY
SECOND REVISED RULE NO. 15
CANCELLING FIRST REVISED RULE NO. 15

SPECIAL CONDITIONS FOR SERVICE TO CUSTOMERS
WITHIN THE WHITE SANDS MISSILE RANGE

Page 1 of 1

Customers are served on the White Sands Missile Range over an easement from the United States government which contains unusual conditions for the Company's system on relocation, placing underground, and removal of its distribution line. The Company reserves the right, without liability for damage, to discontinue service to customers served from this line if the government or its agent notifies the Company to make such changes in its distribution facilities, or in the Company's discretion to make application to the regulatory authority in New Mexico for approval of a proper additional charge to the customers at the White Sands Missile Range to offset the additional costs involved.
