SCHEDULE NO. 99

MISCELLANEOUS SERVICE CHARGES

MISCELLANEOUS CHARGE DESCRIPTIONS

NEW SERVICE START – NO METER READING REQUIRED

This charge will be made for a new account setup and name change on a service location with an existing meter due to a change of responsible party, tenant or owner and no meter reading is required.

NEW SERVICE START – METER READING REQUIRED

This charge will be made when (i) a Customer requests a new service account setup and name change on a service location with an existing meter due to a change of responsible party, tenant or owner and/or the Company determines a meter reading is required and (ii) the meter must be reconnected.

NEW SERVICE START – NO EXISTING METER (STANDARD RATE)

The Standard Rate will be charged when a Customer requests a new account setup and service is scheduled to run service wires for the first time to a new premise or new point of service, set a meter, and do the other work necessary to initiate a new electric service account.

NEW SERVICE START – NO EXISTING METER (NON-STANDARD RATE)

The Non-Standard Rate will be charged when a Customer requests a new account setup and service as a same-day connection, or any connection requested to be made after Company business hours, or on Saturdays, Sundays and Holidays, and the Company calls out Company service personnel to provide the unscheduled service.

ENERGY DIVERSION CHARGE

This charge will be made for the detection and confirmation of any incidence of tampering or interference with the meter installation, or by other means preventing the proper working thereof, to include any theft of service by any person on the Customer's premises, or evidence of such tampering, interfering, or theft of service (energy diversion). The Company will maintain evidence as required and a notice will be left at the Customer premises when possible.

In addition, the Customer will pay the disconnect charge, the expense of damage to and/or replacement of the Company's equipment, and the estimated cost of power and energy not recorded on the meter by reason of energy diversion at the applicable rate using the

SCHEDULE NO. 99

MISCELLANEOUS SERVICE CHARGES

Company's best estimated data.

METER SEAL REPLACEMENT CHARGE

This charge will be made for replacement of the Company's meter seal on the meter at the Customer's premises when the seal has been broken or removed. The charge will be made for each seal replacement after the first replacement within a twelve (12) month period and a warning letter has been sent by the Company to the Customer after that first replacement.

NO ACCESS TO METER CHARGE

This charge shall be made when estimation of the meter reading is not an option and the Customer fails to provide access to read the meter and service personnel must be sent back to read the meter.

"NO LIGHT" SERVICE CALL CHARGE (STANDARD RATE)

The Standard Rate will be charged when a Customer calls the Company to report "No Lights" and requests Company service personnel be dispatched to Customer premises and it is determined that the "No Light" condition was caused by a problem in the Customer-owned wiring or equipment on the Customer's side of the point of delivery.

"NO LIGHT" SERVICE CALL CHARGE (NON-STANDARD RATE)

The Non-Standard Rate will be charged when a Customer calls the Company to report "No Lights" and requests Company service personnel be dispatched to Customer premises after Company business hours, or on Saturdays, Sundays and Holidays, and it is determined that the "No Light" condition was caused by a problem in the Customer-owned wiring or equipment on the Customer's side of the point of delivery.

NON-PAY RECONNECT CHARGE @ METER – NEXT DAY

This Rate will be charged when the Customer requests reconnection of electric service following a disconnection of service because of non-payment of bill and reconnection is requested for the next regular Company business day.

NON-PAY RECONNECT CHARGE @ METER – SAME DAY

This Rate will be charged when the Customer requests reconnection of electric service following a disconnection of service because of non-payment of bill and the reconnection is

SCHEDULE NO. 99

MISCELLANEOUS SERVICE CHARGES

requested for the same Company business day as payment is received, and Company personnel must be rescheduled to complete the same-day request.

NON-PAY RECONNECT AT THE POLE CHARGE

This charge will be made for reconnection of electric service when the requesting Customer was disconnected at the pole or riser for nonpayment of bills when Company service personnel were unable to gain access to the meter for disconnection due to a problem at the Customer's premise (i.e., locked gate, dog, blocked meter, fence, etc.). Reconnection will be made on a next-day or scheduled basis.

PULSE METERING EQUIPMENT INSTALLATION

This charge will be made when the Customer requests the Company to install an isolation relay and output wiring to provide output electric pulses for the purpose of load management and energy conservation.

PULSE METERING EQUIPMENT REPAIR

This charge will be made when the Customer requests the Company to repair pulse metering equipment due to loss of pulse and it is determined that the cause is due to a problem in Customer-owned wiring or equipment on the Customer's side of the point of delivery.

RETURNED PAYMENT CHARGE

This charge will be made for each payment made by check, bank draft, credit card, debit card, or other electronic means that is returned to the Company without payment.

REQUESTED METER TEST (SINGLE PHASE)

This charge shall apply when the test is made at the Customer's request, but only if the meter has been tested at the Customer's request within the previous four (4) years, and during the current test the meter is found to be within the accuracy standards established by the American National Standards Institute.

REQUESTED METER TEST (THREE PHASE)

This charge shall apply when the test is made at the Customer's request, but only if the meter has been tested at the Customer's request within the previous four (4) years, and

MISCELLANEOUS SERVICE CHARGES

during the current test the meter is found to be within the accuracy standards established by the American National Standards Institute.

TEMPORARY OVERHEAD CONNECTION CHARGE

This charge will be made when a Customer requests temporary overhead service and 120/240 volt, single phase, three wire service is not more than ninety (90) feet from the Customer's point of delivery.

If the desired type of service is not 120/240 volt, single phase, three wire service and/or is over ninety (90) feet from the Customer's point of delivery, temporary service will be provided only when the Customer pays in advance to the Company the entire cost of installing and removing the necessary overhead facilities.

TEMPORARY UNDERGROUND CONNECTION CHARGE

This charge will be made when a Customer requests temporary underground service, and 120/240 volt, single phase three wire service is available at the Customer's point of delivery.

If the desired type of service is not 120/240 volt, single phase service and/or is not available at the Customer's point of delivery, temporary service will be provided only when the Customer pays in advance to the Company the entire cost of installing and removing the necessary underground facilities.

UNABLE TO CONNECT REQUESTED NEW UNDERGROUND/OVERHEAD SERVICE

This charge will be made when the Customer or Customer's electrical contractor applies for a new underground/overhead connection and the Company is unable to connect the service due to a broken duct, incomplete Customer-owned electrical service entrance installation, the absence of a permanently marked address, or the absence of required permitting documentation.

FACILITIES RENTAL CHARGE

This charge will be calculated and assessed monthly on the replacement cost of equipment or facilities owned and maintained by the Company (excluding substation facilities) when the Customer elects to rent from the Company rather than own the equipment or facilities.

EL PASO ELECTRIC COMPANY

SCHEDULE NO. 99

MISCELLANEOUS SERVICE CHARGES

MAINTENANCE OF CUSTOMER-DEDICATED FACILITY CHARGE

This charge will be calculated and assessed monthly to recover the cost of the Company's investment in facilities and maintenance dedicated to serve an individual Customer and covered by a Customer Advance for Construction (CAFC) or a Contribution in Aid of Construction (CIAOC). A monthly charge will continue for the term of the CAFC, or five (5) years for CIAOC, with the monthly charge applicable to either the remaining CAFC balance or the Customer's CIAOC balance to the Company, when a Customer requests and the Company agrees to provide Company-owned facilities and equipment dedicated to a single Customer.

MAINTENANCE OF CUSTOMER-OWNED FACILITY CHARGE

This charge will be calculated and assessed monthly to the Customer on the total maintenance costs incurred by the Company and billed to the Customer when a Customer requests and the Company agrees to provide maintenance for Customer-owned facilities and equipment.

SPECIAL BILLING ANALYSIS CHARGE

This charge will be made each time a Customer requests and the Company provides a manually prepared special billing analysis or rate comparison for a period exceeding the most recent twelve (12) month period. The charge will equal the Company's cost of fulfilling the request, including but not limited to labor, overheads, materials, and data processing expenses, or the minimum charge, whichever is greater.

SPECIAL BILLING HISTORY CHARGE

This charge will be made each time a Customer requests and the Company provides a billing or usage history or analysis for a premises that exceeds the most recent twelve (12) month period. The charge will equal the Company's cost of fulfilling the request, including but not limited to labor, overheads, materials, and data processing expenses, or the minimum charge, whichever is greater.

NON-ROUTINE MISCELLANEOUS CHARGE

This charge will be made in addition to the costs for services performed by the Company at the request of the Customer and upon acceptance of the request by the Company and which are not covered by a specific rate schedule or service charge. The Customer will be charged the reasonable costs incurred in performing the requested service including but not limited to labor, materials, parts, special equipment, transportation, meter testing and
