PRESS RELEASE: September 18, 2019

El Paso Electric Launches New Website, Bill Payment App for Enhanced Customer Experience

Whether you need to pay your bill, find simple ways to save on energy or would like to contact El Paso Electric (EPE), the Company's newly launched website and 'Bill2Pay' app empower customers with clean, simple and powerful platforms.

New features include the "EPE Move Center" that allows new customers to request service activation and existing customers to easily start, stop or transfer their services online. Information on EPE, ways to cut down on energy costs, and how to manage your bill are all easily accessible and were created with customers in mind.

On par with the launch of EPE's new website is the unveiling of the 'Bill2Pay' app that allows EPE customers to pay their electric bill with any Apple or Android mobile device.

The 'Bill2Pay' app can be downloaded from the [Apple](#) and [Google Play](#) store for free. Once installed, EPE customers will simply have to search "El Paso Electric" from the list of utilities and begin their payment process by following the prompts.

Visit, epelectric.com to view the newly reimagined website.

About El Paso Electric

El Paso Electric is a regional electric utility providing generation, transmission and distribution service to approximately 428,000 retail and wholesale customers in a 10,000 square mile area of the Rio Grande valley in west Texas and southern New Mexico.
