**PRESS RELEASE: January 8, 2021**

**El Paso Electric to Work in El Paso Airport Area**

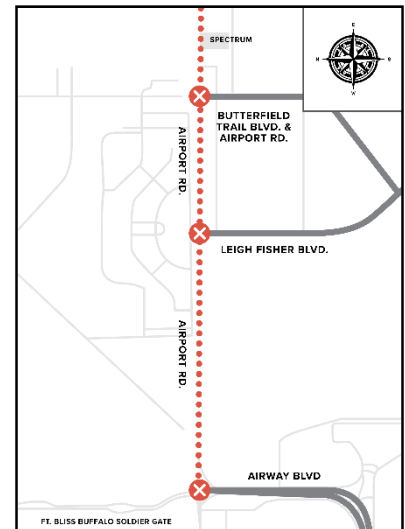

*Work will require scheduled power outage impacting traffic lights along Airport Rd.*

**EL PASO, Texas** –El Paso Electric (EPE) will be upgrading its system in the El Paso International Airport and Butterfield Trail areas to ensure reliability on Tuesday, January 12.. The scheduled outage will temporarily impact both traffic light signals and street lighting along Airport Road at the intersections of Butterfield Trail, Leigh Fisher and Airways Boulevards from 8:00 – 9:00 p.m.

Reflective stop signs will be placed at each intersection along Airport Road to help guide commuters in this area. Traffic light signals will be set back to normal service once the scheduled outage has been completed.

There will be no road closures or other impacts to traffic to complete the system upgrades and improvements.

**EPE System Upgrades Along Airport Road**

**About El Paso Electric**

El Paso Electric is a regional electric utility providing generation, transmission and distribution service to approximately 441,200 retail and wholesale customers in a 10,000 square-mile area of the Rio Grande valley in west Texas and southern New Mexico.
