**PRESS RELEASE: June 10, 2019**

**Daytime Road Closure: El Paso Electric to Conduct Work Along North Loop Drive**  
*Between Delta/Trowbridge Drives and Woolridge Drive*

**EL PASO, Texas** – As part of El Paso Electric’s (EPE) implementation of system reliability and infrastructure improvements, crews will be installing new communication fiber optic lines between substations in south-central El Paso. A road closure will be required along North Loop Drive between Woolridge Drive and where Delta and Trowbridge Drives meet from 10:00 a.m. to 1:00 p.m. tomorrow (Wednesday), June 11, 2019. Traffic control measures will be in place during this time, along with El Paso Police on-site to allow residents in the area to safely access neighborhood streets.

Commuters are asked to safely follow detour signs in the area. To safely travel around the work area, EPE suggests the following detour information:

**Eastbound Traffic**

- Trowbridge Drive to Delta Drive down to Alameda Avenue
- Alameda Avenue to North Carolina Drive

**Westbound Traffic**

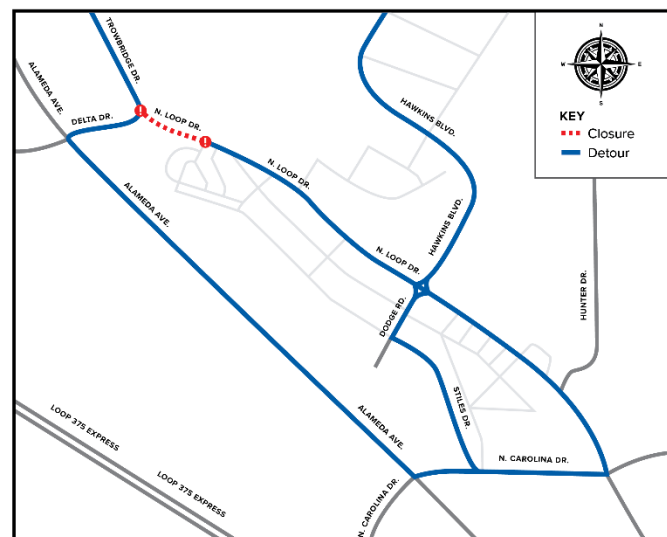

- North Loop Drive to North Carolina Drive
- North Carolina Drive to Alameda

**Residential Traffic**

Residential thru-traffic can also use both Dodge Road and Stiles Drive to help gain access to either Hawkins Boulevard or North Carolina Drive.

*\*Map of road closures is also attached separately.*

**North Loop Drive Road Closure**

**About El Paso Electric**

El Paso Electric is a regional electric utility providing generation, transmission and distribution service to approximately 428,000 retail and wholesale customers in a 10,000 square mile area of the Rio Grande valley in west Texas and southern New Mexico.
